Ketamine Shortage

Previously used Ketamine concentration 100 mg/ml 5 ml vial is currently on national shortage. Jordan Valley and Pioneer Valley are temporarily switching to a different concentration, Ketamine 50 mg/ml 10 ml single dose vial. Thank you for your support and assistance during this time.

If you have any question please feel free to contact Inpatient Pharmacy for any questions at 801-562-4290.

Medical Record Documentation

The HIM coders would like to express appreciation to the physicians for being very specific and timely with their medical record documentation. As you are aware, CMS has implemented audit recovery services (RAC), and physician documentation is critical for correct coding and reimbursement. Thanks for your help!

Dictation Reminder

The Utah Administrative Code requires that operative reports be dictated within 24 hours of the procedure.

Medical Staff Recognition

Below is a list of Providers that have been mentioned by recent patients as giving extra-ordinary care at Jordan Valley Medical Center and Pioneer Valley Hospital. Thank you for all you do!

Dr. Scott Aberegg
Dr. Matthew Agresta
Dr. Lynn Barlow
Dr. Charles Beck
Dr. Steven Dinger
Dr. Daniel Hibbert

Dr. Charles Marshall
Dr. James Nelson
Dr. John Nichols
Dr. Paul Pilgram
Dr. J. Lynn Smith
Ronald Yardley, CRNA
